AIR FREIGHT

We offer different airfreight solutions, both from an export and import perspective as well as in a through-transport scenario, dependant upon requirements.

PRIORITY AIR SHIPMENTS

The quickest transit times possible. Any size or weight shipment for any destination. Pre-clearance is arranged where possible in order to effect direct delivery.

EXPRESS AIR SHIPMENTS

A more economical way of shipping goods with rapid transit time. Averaging between 2-5 transit days, direct flights or consolidated traffic through selected gateways. Any size or weight shipment for any destination. International documentation and customs clearance.

AIR CHARTER

For dedicated full-capacity service to any destination.

SEA-AIR SERVICES

Where required, we offer sea-air services which combines modes in order to achieve a specific requirement in a cost-effective manner.

OCEAN FREIGHT

We can offer a variety of different Ocean freight solutions, both from an export and import perspective as well as in a through-transport scenario, dependant upon requirements. Thanks to our substantial volumes we are able to ensure both service and equipment availability.

FULL CONTAINER LOAD

In conjunction with world-class global partners and carriers, we provide competitive pricing with the highest possible departure frequency for customers requiring FCL service.

LESS CONTAINER LOAD

Regular sailings are offered for customers whose shipping volumes do not require a complete container. Specialists in Consolidations, we can offer a competitive price / value ratio and regular scheduled sailings to most worldwide destinations.

BREAK BULK AND OCEAN CHARTERS

For large freight moves that require specialized or full capacity handlings.

LAND TRANSPORT

FULL CONTAINER LOAD

In conjunction with **world-class global partners and carriers**, we provide competitive pricing with the highest possible departure frequency for customers requiring **FTL services** including special equipments and OOG cargo.

INTERMODAL SERVICES

Combined Rail/Truck mode of transport is available for most of **Domestic, European industrial areas and China**. We provide competitive pricing with the highest possible departure frequency and consistent transit time.

SPECIAL SERVICES

We can also provide special trucks such as:

- Tailgate trucks;
- Self Loading Crane trucks;
- Low bed trucks;
- ADR trucks;
- Reefer trucks.

MERCE GROUPAGE

Regular LTL services are offered for customers whose transporting volumes do not require a complete. **Specialists in Consolidations**, we can offer a competitive price/value ratio and regular scheduled departures and arrivals to/from **the main international locations** including East Europe countries, Middle East and Maghreb region.

DEDICATED AND SPECIAL TRUCKS SERVICES

For top urgent arrangements we can provide all range of vehicles for **exclusive and fully dedicated services**.

BROKERAGE

Operating throughout Italy and **EU Countries** and through our global agency network, Aster Customs Brokers provide a vital in-house link in the total transport package. **Trained personnel who are fully conversant with**, and certified in, local customs regulations and procedures are ready to classify, and clear your goods.

We provide pre-clearance and customs clearance services in each of the countries within its global network. Your goods can be classified, and where appropriate cleared prior to arrival into the destination country. In addition, Tariff consultants are available to provide consultancy on a range of matters such as **Dumping, Duty Concessions, Duty Drawbacks, Quotas and Intrastat declarations.**

Aster Customs Brokers are electronically linked to Italian Customs' Services utilizing state of the art software packages, ensuring rapid turnaround in clearance together with automatic updating of records, tariff concessions and other statistical codes providing proven efficiency in time and finance. Where available internationally, we support these electronic links.
